

## **Annexon Reports Inducement Grant to New Employee Under Nasdaq Listing Rule 5635(c)(4)**

August 18, 2025

BRISBANE, Calif., Aug. 18, 2025 (GLOBE NEWSWIRE) -- Annexon, Inc. (Nasdaq: ANNX), a biopharmaceutical company advancing a late-stage clinical platform of novel therapies for people living with devastating classical complement-mediated neuroinflammatory diseases of the body, brain, and eye, today announced that it has granted inducement to a new non-executive employee under the terms of the 2022 Employment Inducement Award Plan. The equity award was approved on August 11, 2025, in accordance with Nasdaq Listing Rule 5635(c)(4).

The new non-executive employee received an option to purchase 60,000 shares of Annexon common stock. The option carries a ten-year term and an exercise price per share equal to \$2.44, which was the closing price of Annexon's common stock on August 15, 2025, the date of grant, and vests over 4 years, with 25% of the shares underlying the options vesting on the first anniversary of the grant date and an additional 1/48th of the shares vesting monthly thereafter, subject to continued service through the applicable vesting dates.

### **About Annexon**

Annexon Biosciences (Nasdaq: ANNX) is developing therapeutics that stop classical complement-driven neuroinflammation as first-in-kind treatments for millions of people living with serious neuroinflammatory diseases of the body, brain and eye. Our novel scientific approach focuses on C1q, the initiating molecule of classical complement's potent inflammatory pathway that when misdirected can lead to tissue damage and loss in a host of diseases. By targeting C1q, our immunotherapies are designed to stop this neuroinflammatory cascade before it starts. Our pipeline spans three diverse therapeutic areas – autoimmunity, neurodegeneration and ophthalmology – and includes targeted investigational drug candidates designed to address the unmet needs of nearly 10 million people worldwide. Annexon's mission is to deliver game-changing therapies to patients so that they can live their best lives. To learn more visit [annexonbio.com](http://annexonbio.com).
